NOTICE OF ENVIRONMENTAL AUTHORISATION AMENDMENT PROCESS PUBLIC PARTICIPATION PROCESS

POWER LINE FROM THE RHEBOKSFONTEIN WIND ENERGY FACILITY TO THE AURORA SUBSTATION, WESTERN CAPE PROVINCE (DEA REF: 14/12/16/3/3/1/1533)

NOTIFICATION OF APPLICATION FOR AMENDMENT TO ENVIRONMENTAL AUTHORISATION

Project Name: Power line from the Rheboksfontein Wind Energy Facility to the Aurora Substation

Applicant: Moyeng Energy (Pty) Ltd

Proposed Amendments: In terms of the environmental authorisation (EA) received in July 2016, power line Alternative 1D is authorised as the preferred route for the power line. Following objections raised by the affected landowners regarding the approval of Alternative 1D as the preferred alternative as a result of impacts on agricultural activities and land use, further discussions and recent on-site data collected by the bird specialist and Eskom, the findings of the assessment have been revisited and revised. Moyeng Energy (Pty) Ltd is requesting DEA to amend the preferred alternative to Alternative 1C (i.e. parallel to the existing Eskom 400kV power line) in order to minimise impacts on avifauna and land use.

Project Location: The power line route crosses the following properties: Riet Fontein 5/378, Elandsfontyn 5/349, Elandsfontyn 6/349, Groote Fontyn RE/305, Groote Fontyn 2/305, Adjoining Springfontein 174, Yzerfontein Re/178, Yzerfontein 6/178, Riet Fontein RE/378, Riet Fontein 1/378, Elandsfontyn 1/349, Driehoeks Fontein 3/176, Yzerfontein 3/178, Elandsfontyn 2/349, Elandsfontyn 3/349, Elandsfontyn 7/349, Riet Fontein 2/378, Riet Fontein 3/378, Drooge Valley 1/456, Driehoeks Fontein RE/176, Zwart Water 1/454, Schilpad Fontein 5/455, Sonquas Fontein 1/446, Drooge Valley Re/456, Zwartbergs Valley RE/447, Plat Klip 1/551, Rheboks Fontein RE/568, Bonteberg RE/571.

In terms of Condition 5 of the Environmental Authorisation and Regulation 31 of the EIA Regulations of December 2014, it is possible for an applicant to apply, in writing, to the competent authority for a change or deviation from the project description to be approved.

MOTIVATION REPORT NOW AVAILABLE FOR REVIEW

Savannah Environmental has prepared a Motivation Report in support of this amendment application on behalf of Moyeng Energy (Pty) Ltd, and provides detail pertaining to the significance and impacts of the proposed change to the project description in order for interested and affected parties to be informed of the proposed amendment, and for the competent authority to be able to reach a decision in this regard. This motivation document has been made available to registered interested and affected parties at www.savannahsa.com/projects for a 30-day period from 30 November 2016 to 23 January 2017. CD copies will be provided to stakeholders on request.

KENNISGEWING VAN 'N WYSIGINGSPROSES VAN 'N OMGEWINGSMAGTIGING OPENBARE DEELNAMEPROSES

KRAGLYN VANAF DIE RHEBOKSFONTEIN WINDKRAGAANLEG TOT BY DIE
AURORA SUBSTASIE, WES-KAAPPROVINSIE (DO VERW.: 14/12/16/3/3/1/1533)

KENNISGEWING VAN AANSOEK OM WYSIGING VAN 'N OMGEWINGSMAGTIGING

Projeknaam: Kraglyn vanaf die Rheboksfontein Windkragaanleg tot by die Aurora Substasie

Applikant: Moyeng Energy (Edms.) Bpk.

Beoogde Wysigings: Ingevolge die omgewingsmagtiging (OM) wat in Julie 2016 ontvang is, is Alternatief 1D gemagtig as die roete van voorkeur vir die kraglyn. Ná besware wat die geaffekteerde grondeienaars betreffende die goedkeuring van Alternatief 1D as die alternatief van voorkeur geopper het, weens die impakte op landboubedrywighede en grondgebruik, verdere besprekings en onlangse data wat die voëlspesialis en Eskom op die terrein ingewin het, is die bevindinge van die evaluering heroorweeg en hersien. Moyeng Energy (Edms.) Bpk. versoek die DO om die alternatief van voorkeur te wysig na Alternatief 1C (d.i. parallel aan die bestaande Eskom 400 kV kraglyn) ten einde die impakte op avifauna en grondgebruik te minimaliseer.

Projekligging: Die kraglynroete strek oor die volgende eiendomme: Riet Fontein 5/378; Elandsfontyn 5/349; Elandsfontyn 6/349; Groote Fontyn RE/305; Groote Fontyn 2/305; Adjoining Springfontein 174; Yzerfontein Re/178; Yzerfontein 6/178; Riet Fontein RE/378; Riet Fontein 1/378; Elandsfontyn 1/349; Driehoeks Fontein 3/176; Yzerfontein 3/178; Elandsfontyn 2/349, Elandsfontyn 3/349, Elandsfontyn 7/349, Riet Fontein 2/378, Riet Fontein 3/378; Drooge Valley 1/456; Driehoeks Fontein RE/176; Zwart Water 1/454; Schilpad Fontein 5/455; Sonquas Fontein 1/446; Drooge Valley Re/456; Zwartbergs Valley RE/447; Plat Klip 1/551; Rheboks Fontein RE/568; en Bonteberg RE/571.

Ingevolge Voorwaarde 5 van die Omgewingsmagtiging en Regulasie 31 van die OIE-regulasies van Desember 2014, kan 'n applikant skriftelik by die bevoegde owerheid aansoek doen om goedkeuring van 'n verandering of afwyking van die projekbeskrywing.

MOTIVERINGSVERSLAG NOU BESKIKBAAR VIR INSAE

Savannah Environmental het namens Moyeng Energy (Edms.) Bpk. 'n Motiveringsverslag opgestel ter staving van hierdie aansoek om 'n wysiging en bied besonderhede betreffende die belang en impakte van die beoogde verandering aan die projekbeskrywing sodat belangstellende en geaffekteerde partye ingelig kan wees van die beoogde wysiging en sodat die bevoegde owerheid tot 'n besluit in hierdie verband kan kom. Hierdie motiveringsdokument is vanaf 30 November 2016 tot 23 Januarie 2017 op www.savannahsa.com/projects vir 'n 30-dae tydperk aan geregistreerde belangstellende en geaffekteerde partye beskikbaar gestel. CD-kopieë sal op versoek aan belanghebbendes voorsien word.

30 November 2016

Dear Stakeholder

**POWER LINE FROM THE RHEBOKSFONTEIN WIND ENERGY FACILITY TO
THE AURORA SUBSTATION, WESTERN CAPE PROVINCE
(DEA REF: 14/12/16/3/3/1/1533)**

**NOTIFICATION OF APPLICATION FOR AMENDMENT OF ENVIRONMENTAL
AUTHORISATION**

Moyeng Energy (Pty) Ltd received an Environmental Authorisation (EA) for the construction of a 132kV power line between the authorised Rheboksfontein Wind Energy Facility and the Aurora Substation (DEA Ref No.: 14/12/16/3/3/1/1533) on 8 July 2016.

Alternative 1D was recommended as the preferred route for the power line in the final Basic Assessment report (Savannah Environmental, May 2016). The option of following the existing power line (Alternative 1C) was considered fatally flawed from an avifaunal / bird perspective based on information available at that time. Following objections raised by the affected landowners regarding the approval of Alternative 1D as the preferred alternative as a result of impacts on agricultural activities and land use, further discussions and recent on-site data collected by the bird specialist and Eskom, the findings of the impact assessment have been revisited and revised. Alternative 1C which runs parallel to the existing 400kV lines in the south is now regarded as the preferred option from an avifaunal perspective. This option is also the preferred option of the landowners as it reduces impacts on the land use for the landowner in that area.

The proposed amendments in themselves are not listed activities and do not trigger any new listed activity.

In terms of Condition 5 of the Environmental Authorisation and Chapter 5 of the EIA Regulations of December 2014, it is possible for an applicant to apply, in writing, to the competent authority for a change or deviation from the project description to be approved.

An amendment motivation report has been prepared by Savannah Environmental in support of the application. In terms of Chapter 6 of the EIA Regulations, these documents are being made available for public comment. The 30-day review period is from **30 November 2016 to 21 January 2017**¹. The documentation can be downloaded at www.savannahSA.com/projects. CD copies are available on request from the contact person below.

To obtain further information, register on the project database, or submit written comment please contact the undersigned.

Kind regards

GABRIELE WOOD
PUBLIC PARTICIPATION AND SOCIAL CONSULTANT
SAVANNAH ENVIRONMENTAL

¹ The 30-day review period excludes the days of reckoning from 15 December 2016 – 05 January 2017 as per Regulation 3(2) of the EIA Regulations, 2014
